

TECHNICAL DATA SHEET - PUZZLE MAT 3D® GYMALLROUNDER

Brief description of the Puzzle 3D Gymallrounder:

The Puzzle Mat 3D® Gymallrounder is available in Light (2.2 cm), Basic (3.0 cm), and Heavy Weight (4.5 cm; 6.0 cm) versions. The Puzzle Mat 3D® Gymallrounder offers maximum stability thanks to its 3D interlocking. The tiles are suitable for high-frequency fitness exercises and can be installed freely in a fitness room without adhesive. The Gymallrounder can be completed with matching edge and corner tiles in beveled and straight shapes.
